Motorized line-up 2019

Motorized mounting solutions have become an important pillar within the professional AV market. For this reason, Vogel's PROF is expanding its range of Motorized products.

The modularity of the new line-up is unique. With only a few components you can create almost every solution.

Features:

- Ample storage space
- Connect-it accessories compatible
- Different travel lengths and lift weights available
- Multi-voltage control box

The new line-up will make the PFFE 7131 redundant.
